

DIVERSITY & INCLUSION

At every level, the employees of Dollar Bank work toward a greater understanding of our customers and the communities we serve. We embrace diversity in our workplace because it makes us a better organization and financial services provider. A unified workforce helps us understand the challenges facing our communities and allows us to direct resources that support them.

Dollar Bank is an advocate in supporting a culturally diverse workplace for all employees without regard to race, color, sex, sexual orientation, gender identity, religion, national origin, age, veteran status or military service, physical or mental disability, genetic information or any other legally protected status.

Our commitment to inclusion is to approach business decisions objectively, involving all relevant partners, discussing unique perspectives and fostering effective communication. We believe that diverse backgrounds and perspectives allow for constructive discussions leading to greater success in making complex business decisions.

We work daily to learn and apply what's best from our differences and similarities. This mindset allows us to enhance our ability to serve all customers and supports our efforts to be strong in our communities and in our industry.
